Mark Miller,

If brought before me
concerning it - I will make inquiry for the
common cause of the people of the State or Nation
and if I find the same to be true I will
quash the indictment in consequence
of the ~~offense~~^{that} the said ~~offense~~^{is} in itself
the most heinous of all or malignant in the
worst order, I will be compelled to prosecute
with vigor the ~~offense~~ as I discern the law
+ interfere with the M.W.
in other - virgin circumstances, in which
as far as the other States help you to work
